

DF COLLECTION

BUILD ON INNOVATIVE FAMILY TRADITIONS

The Kerckhaert DF Collection

EN

The DF Collection, the all-round horseshoe collection with a shoe for each individual horse.

At Kerckhaert a horseshoe is never just a horseshoe... It is the embodiment of a vision, a family tradition of four generations innovative horseshoe development. The heart of the DF horseshoe is still the design of great-grandfather Honoré Kerckhaert. New techniques, insights and experiences of farriers gave and give the needed innovations to answer the present and professional demands of the farrier. Each horseshoe in the DF Collection wants to give the professional farrier comfort in his work and the horse the best care.

FR

La Gamme DF, des fers pour chaque type de ferrure!

Un fer à cheval Royal Kerckhaert n'est pas uniquement un fer à cheval... Il est l'aboutissement d'une vision et d'une tradition issues de quatre générations de développement et d'innovation... Le design originel de l'arrière-grand-père Honoré Kerckhaert constitue toujours la base du fer DF. Grâce aux nouvelles techniques, aux idées et à l'expérience des maréchaux, nos fers correspondent à toutes les exigences actuelles professionnelles. Chaque fer DF apporte au maréchal-ferrant un grand confort dans son travail quotidien, tout en garantissant le meilleur soin possible au cheval.

DE

Die DF-Kollektion, die Allround-Hufeisen-Kollektion für jeden Beschlag.

Ein Royal Kerckhaert Hufeisen ist nie einfach nur ein Hufeisen... es ist das Ebenbild einer Vision, einer Tradition von vier Generationen innovativer Hufeisenentwicklung. Das Herzstück des DF-Hufeisens ist immer noch der Entwurf des Urgroßvaters Honoré Kerckhaert. Neue Techniken, Erkenntnisse und Anwendererfahrungen der Hufschmiede sorgen und sorgen dafür, dass die Hufeisen den aktuellen und professionellen Anforderungen des Hufschmieds entsprechen. Genau wie damals bietet ein Hufeisen aus der DF-Familie von Royal Kerckhaert dem Hufschmied professionellen Komfort und die beste Versorgung für das Pferd.

ES

La Colección DF, la colección de herraduras all-round para cada herraje.

Una herradura de Royal Kerckhaert nunca es una herradura cualquiera... Es una reflexión de una visión, una tradición de cuatro generaciones desarrollando herraduras de caballo de manera innovativa. El base de una herradura DF todavía se encuentra en el diseño del bisabuelo Honoré Kerckhaert. Nuevas técnicas, ideas y experiencias de herradores hicieron y hacen que las herraduras todavía responden a los requisitos profesionales y actuales del herrador de caballos. Tanto ahora como al pasado, una herradura de la colección DF de Royal Kerckhaert da un confort profesional al herrador y el mejor cuidado al caballo.

NL

De DF Collectie, de allround hoefijzercollectie voor elk beslag.

Een hoefijzer van Royal Kerckhaert is nooit gewoon maar een hoefijzer... Het is de weerspiegeling van een visie, een traditie van vier generaties innovatief hoefijzers ontwikkelen. In de basis van het DF hoefijzer ligt nog steeds het ontwerp van overgrootvader Honoré Kerckhaert. Nieuwe technieken, inzichten en gebruikservaringen van smeden zorgden en zorgen dat de hoefijzers steeds beantwoorden aan de actuele en vakkundige eisen van de hoefsmid. Net zoals toen wil een hoefijzer uit de DF-Collectie van Royal Kerckhaert de smid vakkundig comfort geven en het paard de beste zorg.

THE NEW STANDARD IN HORSESHOES

Cu SHIELD TECHNOLOGY

Liberty Cu is the only horseshoe nail in the world made with Copper (Cu) Shield Technology. This provides much more protection than traditional horseshoe nails, for stronger & healthier hooves.

HORSESHOE NAIL WITH COPPER SHIELD TECHNOLOGY

- protection
- copper (Cu)
- conversion
- core (steel)

ADVANTAGES

- Better than traditional horseshoe nails
- No rust or wear inside the hoof
- Durable steel core, lasts 8-10 weeks with ease
- Less damage to the hoof wall
- Better hoof / horn quality
- Protects the entire shoeing cycle
- Always consistent quality:

MORE VALUE FOR YOUR MONEY. 30% MORE.

The new VETTEC 210cc cartridge comes in an industry standard cartridge and holds 30% more material than prior models, giving you more material for your money.

Features

- Larger dispensing ports
- Locking collar holding tip in place
- After use airtight capping mechanism
- Durable tube design
- 210cc volume

Benefits

- No cutting tips or clogged ports
- Collar locks tip in place and prevents back flow
- Airtight cap extends into tube and ensures equal flow of both parts
- Tube design and larger openings prevent back pressure that can break seams
- More volume per tube

NEW

QUARTER MOTION PLUS A SHOE THAT HAS IT ALL

The DF Quarter Motion Plus is designed to be an all-round sports and riding horseshoe with less weight and more support. It is provided with a wide rolling toe, sleek at the creases, wider at the heels and has a standard thickness of 8 mm. Available in sizes: 00, 0, 1, 2, 3 and 4.

Now available at www.kerckhaert.com
